SEAL OF THE CITY

OF

BOSTON

THE CITY SEAL

As it appeared prior to 1827

The City Seal was adopted by "An Ordinance to Establish the City Seal," passed January 2, 1823, which provides "That the design hereto annexed, as sketched by John R. Penniman, giving a view of the City, be the device of the City Seal; that the motto be as follows, to wit: 'Sicut patribus sit Deus nobis'; and that the inscription be as follows:—'Bostonia condita, A.D. 1630. Civitatis regimine donata, A.D. 1822.'" The motto is taken from 1 Kings, viii, 57: "God be with us as He was with our fathers."

The seal as it first appeared is shown above.

The seal as it was afterwards changed, and has ever since continued to be used, was first shown on page 221 of the volume of laws and ordinances, commonly known as the "First Revision," published in 1827, and is established as the City Seal at the present time by Revised Ordinances of 1914, Chapter 1, Section 5, which provides that "The seal of the City shall be circular in form; shall bear a view of the City; the motto 'SICUT PATRIBUS SIT DEUS NOBIS,' and the inscription, 'BOSTONIA CONDITA, A.D. 1630. CIVITATIS REGIMINE DONATA A.D. 1822,' as herewith shown."

The seal as changed in 1827 is shown on the opposite page.

ORIGIN AND GROWTH OF BOSTON

The Royal Patent incorporating the Governor and Company of Massachusetts Bay in New England passed the seals March * 4, 1628-29. At a General Court or, Meeting of the Company, on August * 29 of that year it was voted "that the Government and patent should be settled in New England." To that end Governor Winthrop led the Puritan Exodus in 1630. Soon after his arrival at Salem on June * 12, 1630, he proceeded with a large following to Charlestown, where a plantation had been established the summer before. The Assistants held three Courts at Charlestown in the interval, August * 23 to September * 28, inclusive. At their meeting on September * 7, they "ordered that Trimountaine shall be called Boston; Mattapan, Dorchester; and the towne upon Charles River, Waterton." Thus Shawmut of the Indians was named Boston, probably out of gratitude to the Merchants of Boston in Lincolnshire, who had subscribed generously to the stock of the Company.

In the latter part of August, Governor Winthrop with the patent chose Boston as his abiding place. The first "Court" held in Boston was a "General Court" on October * 19, "for establishing of the government." On October * 3, 1632, Boston was formally declared to be "the fittest place for publique meetings of any place in the Bay."

Boston was the first town in Massachusetts to become a city. It was incorporated February 23, 1822, by St. 1821, c. 110, adopted by the voters March 4, 1822. This act was revised by St. 1854, c. 448; amended by St. 1885, c. 266, again by St. 1909, c. 486, and again by St. 1948, c. 452 as amended by St. 1951, c. 376.

The neck of land called Boston, still called Boston Proper, contained perhaps 700 acres of land, judging from the 783 acres shown by the official survey of 1794. (In the interval 1630-37, Boston acquired jurisdiction over most of the territory now included in Chelsea, Winthrop, Revere, East Boston, Brookline, Quincy, Braintree, Randolph and Holbrook, besides certain islands in the harbor.) From 1637 till May 13, 1640, when "Mount Woollaston" was set off as Braintree, Boston exercised jurisdiction over a territory of at least

* Old Style.

40,000 acres. Within its present limits there are 30,598 acres, including flats and water.

Since 1640, grants of land have been made to Boston by the General Court as follows: (1) October * 16, 1660, 1,000 acres "for the use of a free schoole, layd out in the wilderness or North of the Merimake River" (in Haverhill), in 1664. (2) June * 27, 1735, in abatement of Province Tax, three townships, each six miles square, or 69,120 acres in all. These townships later became the Towns of Charlemont, Colrain, and Pittsfield. Boston sold its interest in them on June * 30, 1737, for £3,660. (3) June 26, 1794, a township of land in Maine (23,040 acres) "to build a public hospital." This tract was sold by the City April 6, 1833, for \$4,200.

Muddy River was set off as the Town of Brookline on November * 13, 1705, and Rumney Marsh was set off as the Town of Chelsea January * 8, 1739.

The principal annexations of territory included within the present limits of the City of Boston have been made as follows:

(1) Noddle's Island by order of Court of Assistants, March * 9, 1636-37. (2) South Boston set off from Dorchester March 6, 1804, by St. 1803, c. 111. (3) Washington Village set off from Dorchester May 21, 1855, by St. 1855, c. 468. (4) Roxbury January 6, 1868, by St. 1867, c. 359, accepted September 9, 1867. Roxbury received its name by order of the Court of Assistants October * 8, 1630. It was incorporated as a city March 12, 1846, by St. 1846, c. 95, accepted March 25, 1846. (5) Dorchester January 3, 1870, by St. 1869, c. 349, accepted June 22, 1869. It received its name September * 7, 1630, by order of the Court of Assistants. (6) Brighton January 5, 1874, by St. 1873, c. 303, accepted October 7, 1873. Set off from Cambridge as the Town of Brighton February 24, 1807, by St. 1806, c. 65. (7) Charlestown January 5, 1874, by St. 1873, c. 286, accepted October 7, 1873. Settled July * 4, 1629. It was incorporated a City February 22, 1847, by St. 1847, c. 29, accepted March 10, 1847. (8) West Roxbury January 5, 1874, by St. 1873, c. 314, accepted October 7, 1873. It was set off from Roxbury and incorporated a Town May 24, 1851, by St. 1851, c. 250. (9) Hyde Park January 1, 1912, by St. 1911, c. 469, and 583, accepted November 7, 1911. Incorporated a Town April 22, 1868.

INTRODUCTION

As a public document **THE MUNICIPAL REGISTER** is as old as the City of Boston itself, the first volume having been published in 1821, a year before the government of Boston changed from Town to City. Up to 1940 the title of the volume was: *The Rules and Orders of the Common Council*. From 1821 to 1829 the document contained merely a register of the City Council and a list of the officers.

In 1829 the City Charter was published as a part of the volume, and in 1830 the Acts relating to Boston, also the ordinances, were added. In 1832 the size of the volume was increased by the addition of an index to the contents. The volume published in 1822 contained fifteen pages and for the year 1840 there were eighty-eight pages, including three pages of index.

The title **THE MUNICIPAL REGISTER** was adopted in 1841 when the publication became more ambitious, incorporating in its pages the Rules and Orders of the Common Council, joint rules, ordinances of the City, statutes of the Commonwealth relating to the City, a list of the public schools, the City Government of 1841, the committees and departments (consisting at that time of the treasury, law, police, health, public land and buildings, lamps and bridges, fire, and public charitable institutions), and a list of the ward officers.

From 1842 to 1864 it also contained a list of the members of preceding City Governments, a necrological record of those members, the latest ordinances and the special statutes relating to the City. In 1851 a list of the annual orators was added, and in 1853 a map of the City and the Rules of the Board of Aldermen. In 1876, statistics of registration and voting were included, carried from 1879 to 1924 in tabulated form.

From 1889 to 1896, inclusive, **THE MUNICIPAL REGISTER** also continued a compilation of the Charter with the revision of 1854 and the amendments of 1885 and thereafter. The Amended Charter of 1909 (15 pages)

was added in 1910, and the various changes since that year have been indicated by footnotes.

In 1924 the important amendments to the Charter enacted in that year (10 pages) were included.

The 1925 volume contained, as the latest addition, descriptions of the ward boundaries as fixed for the 22 new wards (formerly 26) in December, 1924.

This volume contains the City Charter as amended by Stat. 1948, Chap. 452, and Stat. 1951, Chap. 376, commonly known as Plan A, including subsequent changes.

Portions of the City Charter concerning the form of government, the election of the Mayor, the School Committee, and the City Council, and the general powers and duties of those officers, together with certain miscellaneous sections relative to the powers and duties of certain boards and officers.

Users of the following material should bear in mind that these are only excerpts from the hundreds of Special Laws Relating to the City of Boston, all of which together comprise the "City Charter." A codification thereof can be purchased from the Law Department. The voters of Boston adopted a "Plan A" form of city government on November 8, 1949. See G. L. c. 43.

SECTION NUMBERS REFER TO
CHAPTER 452 OF THE ACTS OF 1948
AS AMENDED BY
CHAPTER 376 OF THE ACTS OF 1951,
INCLUDING CERTAIN SUBSEQUENT CHANGES

SECT. 9. Whenever one of the plans provided in this act shall be adopted, the fiscal year of the city shall begin on January first and shall end on December thirty-first next following;* and the municipal year thereof shall begin on the first Monday in January and shall continue until the first Monday of the January next following.

PLAN A. GOVERNMENT BY MAYOR, CITY COUNCIL, AND SCHOOL COMMITTEE, ELECTED AT LARGE WITH PRELIMINARY ELECTIONS

(Plan A was adopted by the voters of the City of Boston at the Municipal Election held November 8, 1949, Yes, 146,162, No, 73,882.)

SECT. 11. There shall be in the city a mayor who shall be the chief executive officer of the city, a city council of nine members which shall be the legislative body of the city, and a school committee of five members which shall have the powers and duties conferred and imposed by law.

SECT. 11A. Every person elected mayor and every person elected or chosen city councillor or school committeeman shall, before entering upon the duties of his office, take, and subscribe in a book to be kept by the city clerk for the purpose, the oath of allegiance and oath of office prescribed in the constitution of this commonwealth and an oath to support

*By St. 1969, c. 849, as amended, changed the fiscal year of all cities and towns in the Commonwealth to begin on July 1, and end on June 30.

the constitution of the United States. Such oaths shall be administered, to a person elected mayor, by a justice of the supreme judicial court, a judge of a court of record commissioned to hold such court within the city or a justice of the peace, and to a person elected or chosen city councillor or school committeeman, by the mayor or any of the persons authorized to administer said oaths to a person elected mayor.

The person upon whom such duties shall devolve shall be called "acting mayor" and he shall possess the powers of mayor only in matters not admitting of delay, but shall have no power to make permanent appointments.

SECT. 12. At the next regular municipal election following the adoption of Plan A and at every second regular municipal election after a regular municipal election at which a mayor is elected, a mayor shall be elected at large to hold office for the four municipal years following the municipal year in which he is elected and thereafter until his successor is elected and qualified.

If a vacancy occurs in the office of the mayor at any other time, a mayor shall be elected at large at the next regular municipal election to hold office for a term expiring at ten o'clock in the forenoon on the first Monday of the fourth January following his election. A person elected mayor under either of the foregoing provisions shall take and subscribe the oaths required by section eleven A as soon as conveniently may be after the issuance to him of his certificate of election. Such person shall hold office from the time of taking and subscribing such oaths until the expiration of his term and thereafter until his successor is elected and qualified. The provisions of this section shall not apply if a vacancy occurs in the office of mayor in the period beginning on the date of a regular municipal election at which a new mayor is elected and ending at the time he takes office.

SECT. 13A.* The mayor shall be paid an annual salary of twenty thousand dollars or such other sum as may from time to time be fixed by ordinance. The mayor shall not receive for his services any other compensation or emolument whatever; nor shall he hold any other office of emolument under the city government.

SECT. 15.† If at any time a vacancy occurs in the city council from any cause, the city clerk shall forthwith notify the city council thereof; and within fifteen days after such notification, the remaining city councillors shall choose, as city councillor for the unexpired term, whichever of the defeated candidates for the office of city councillor at the regular municipal election at which city councillors were elected for the term in which the vacancy occurs, who are eligible and willing to serve, received the highest number of votes at such election, or, if there is no such defeated candidate eligible and willing to serve, a registered voter of the city duly qualified to vote for a candidate for the office of city councillor. If at a regular municipal election there is a failure to elect a city councillor or if a person elected city councillor at such an election resigns or dies before taking office, the city clerk shall, as soon as conveniently may be after the remaining city councillors-elect take office, notify the city council of such failure to elect, resignation or death; and within fifteen days after such notification, the members thereof shall choose, as city councillor for the unexpired term, whichever of the defeated candidates for the office of city councillor at such election, who are eligible and willing to serve, received the highest number of votes at such election, or, if there is no such defeated candidate eligible and willing to serve, a registered voter of the city duly qualified to vote for a candidate for the office of city councillor. If in any of the aforesaid events a choice is not made as hereinbefore provided within fifteen days after the notification of the city council by the city clerk, the choice shall be made by the mayor, or, if there is no mayor, by the city councillor senior in length of service, or, if there be more than one such, by the city councillor senior both in age and length of service. of all the members a president who when present shall preside at the meetings thereof; and shall from time to time establish rules for its proceedings. The member eldest in years shall preside until the president is chosen, and in case of the absence of the president, until a presiding officer is chosen.

SECT. 17A. The mayor may, whenever in his judgment the good of the city requires it, summon a meeting or meetings of the city council although said council stands adjourned to a more distant day, and shall cause suitable written notice of such meeting or meetings to be given to the city councillors.

SECT. 17B. The city council may, subject to the approval of the mayor, from time to time establish such offices, other than that of clerk, as it may deem necessary for the conduct of its affairs and at such salaries as it may determine, and abolish such offices or alter such salaries; and without such approval may fill the offices thus established and remove the incumbents at pleasure. The city clerk shall act as clerk of the city council.

SECT. 17C. All elections by the city council under any provision of law, including the choosing of a city councillor under section fifteen, shall be made by a *viva voce* vote, each member who is present answering to his name when it is called by the clerk or other proper officer, and stating the name of the person for whom he votes, or declining to vote, as the case may be; and the clerk or other proper officer shall record every such vote. No such election shall be valid unless it is made as aforesaid.

SECT. 17D. Every order, ordinance, resolution and vote of the city council (except special municipal election orders adopted under section thirteen, votes relating to the internal affairs of said council, resolutions not affecting legal rights, votes electing officials, and votes confirming appointments by the mayor) shall be presented to the mayor for his approval. If he approves it, he shall sign it; and thereupon it shall be in force. If he disapproves it, he shall, by filing it with the city clerk with his objections thereto in writing, return it to the city council which shall enter the objections at large on its records. Every order, ordinance, resolution and vote authorizing a loan or appropriating money or accepting a statute involving the expenditure of money, which is so returned to the city council, shall be void, and no further action shall be taken thereon; but the city council shall proceed forthwith to reconsider every other order, ordinance, resolution and vote so returned, and if, after such reconsideration, two thirds of all the city councillors vote to pass it notwithstanding the disapproval of the mayor, it shall then be in force; but no such vote shall be taken before the seventh day after the city council has entered the objections at large on its records. Every order, ordinance, resolution or vote required by this section to be presented to the mayor which, within fifteen days after such presentation, is neither signed by him nor filed with his written objections as hereinbefore provided, shall be in force on and after the sixteenth day following such presentation.

Every order, ordinance, resolution or vote required by this section to be presented to the mayor shall be approved as a whole or disapproved

as a whole; except that, if the same authorizes a loan or appropriates money, the mayor may approve some of the items in whole or in part and disapprove other of the items in whole or in part; and such items or parts of items as he approves shall, upon his signing the same, be in force and such items or parts of items as he disapproves by filing with the city clerk his written objections thereto shall be void, and such items or parts of items as he neither signs nor so disapproves within fifteen days after the order, ordinance, resolution or vote shall have been presented to him shall be in force on and after the sixteenth day following such presentation.

SECT. 17E.* The mayor from time to time may make to the city council in the form of an ordinance or loan order filed with the city clerk such recommendations as he may deem to be for the welfare of the city. The city council shall consider each ordinance or loan order so presented and shall either adopt or reject the same within sixty days after the date when it is filed as aforesaid. If such ordinance or loan order is not rejected within said sixty days, it shall be in force as if adopted by the city council unless previously withdrawn by the mayor. Nothing herein shall prevent the mayor from again presenting an ordinance or loan order which has been rejected or withdrawn. The city council may originate an ordinance or loan order and may reduce or reject any item in any loan and, subject to the approval of the mayor, may amend an ordinance. All sales of land other than school lands, all appropriations for the purchase of land, and all loans voted by the city council shall require a vote of two thirds of all the city councillors and shall be passed only after two separate readings and by two separate votes, the second of said readings and votes to be had not less than fourteen days after the first, except that in the case of loan orders for temporary loans in anticipation of taxes the second of said readings and votes may be had not less than twenty-four hours after the first. No amendment increasing the amount to be paid for the purchase of land, or the amount of loans, or altering the disposition of purchase money or of the proceeds of loans shall be made at the time of the second reading and vote. If a petition signed by three city councillors requesting that action be taken forthwith upon a loan order presented by the mayor is filed in the office of the city clerk not earlier than fourteen days after the presentation of such loan order, action shall be taken by the yeas and nays on the question of the adoption of such loan order at the next meeting of the council, or, if one vote has already been taken thereon, at the next meeting after the expiration of the required interval after such vote; provided, that such action thereon has not sooner been taken or such loan order has not been withdrawn by the mayor.

SECT. 17F. The city council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending

* Sect. 17E, as amended by St. 1966, c. 642, s. 14.

shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

SECT. 17G. Except as otherwise provided in chapter four hundred and eighty-six of the acts of nineteen hundred and nine, neither the city council nor any member, committee, officer or employee thereof shall directly or indirectly on behalf of the city or of the county of Suffolk take part in the employment of labor, the making of contracts, or the purchase of materials, supplies or real estate; nor in the construction, alteration, or repair of any public works, buildings, or other property; nor in the care, custody, or management of the same; nor in the conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any city or county employee; nor in the expenditure of public money except such as may be necessary for the contingent and incidental expenses of the city council. Any person violating any provision of this section shall be punished by imprisonment for not more than one year, or by a fine of not more than one thousand dollars, or both.

SECT. 17H. No city councillor nor any person elected city councillor shall during the term for which he is elected or chosen, be appointed to, or hold, any office or position which is under the city government or the salary of which is payable out of the city treasury except the office of city councillor and any office held ex officio by virtue of being a member, or president, of the city council; provided, however, that nothing herein contained shall prevent a city councillor or any person elected city councillor from, during the term for which he is elected or chosen, being appointed by the governor, with or without the advice and consent of the council, to, and holding, any such office or position if before entering upon the duties of such office or position he resigns as city councillor or city councillor-elect.

SECT. 18. At the next regular municipal election following the adoption of Plan A and at every regular municipal election thereafter, there shall be elected at large five school committeemen, each to hold office for the two municipal years following the municipal year in which he is elected.

SECT. 19.* If at any time a vacancy occurs in the school committee from any cause, the mayor, the president of the city council and the remaining school committeemen, meeting in joint convention, shall, within fifteen days after the vacancy arises, choose, as school committeeman for the unexpired term, whichever of the defeated candidates for the office of school committeeman at the regular municipal election at which school committeemen were elected for the term in which the vacancy occurs, who are eligible and willing to serve, received the highest number of votes at such election, or, if there is no such defeated candidate eligible and willing to serve, a registered voter of the city duly qualified to vote for a candidate for the office of school committeeman. If at a regular municipal election there is a failure to elect a school committeeman or if a person elected school committeeman at such an election resigns or dies

* Sect. 19 as amended by St. 1952. c. 190.

before taking office, within fifteen days after the remaining school committeemen-elect take office, such school committeemen and the then mayor and the then president of the city council shall meet in joint convention, and choose, as school committeeman for the unexpired term, whichever of the defeated candidates for the office of school committeeman at such election, who are eligible and willing to serve, received the highest number of votes at such election, or, if there is no such defeated candidate eligible and willing to serve, a registered voter of the city duly qualified to vote for a candidate for the office of school committeeman.

SECT. 20. The members of the school committee shall meet and organize on the first Monday of January following their election. The school committee shall be the judge of the election and qualifications of its members. The members of the school committee shall serve without compensation.

* * * * *

SECT. 53. Every municipal officer required by sections twelve, thirteen, fourteen and eighteen to be elected at large shall be elected at a biennial municipal election, or, in the case of a mayor for an unexpired term, at a special municipal election, after, in either case, nomination at a preliminary municipal election, except as otherwise provided in section fifty-seven C. In sections fifty-three to sixty-five, inclusive, the term "regular election" shall be construed to refer to the biennial municipal election or the special municipal election, as the case may be, and the term "preliminary election" to the preliminary municipal election held for the purpose of nominating candidates for election at such regular election. Every preliminary election shall, unless dispensed with under said section fifty-seven C, be held on the sixth Tuesday preceding the regular election.

SECT. 54. Any person who is a registered voter of the city duly qualified to vote for a candidate for an elective municipal office therein may be a candidate for nomination to such office; provided, that a petition for the nomination of such person is obtained, signed and filed as provided in sections fifty-five, fifty-five A, and fifty-six, and signatures of petitioners thereon, to the number required by section fifty-six, certified as provided in section fifty-seven by the board of election commissioners, in sections fifty-five to sixty-five, inclusive, called the election commission.

SECT. 55. A nomination petition shall be issued only to a person subscribing after the sixteenth Tuesday, and before the eleventh Tuesday preceding the preliminary election, in a book kept for that purpose by the election commission, a statement of candidacy in substantially the following form:—

A nomination petition shall not relate to more than one candidate nor to more than one office. A nomination petition may state the elective public offices which the candidate holds or has held under the government of the commonwealth, the county of Suffolk or the city of Boston or in the congress as a representative or senator from the commonwealth; provided, that such statement shall not exceed eight words and shall, with respect to each such office, consist solely of the title, as hereinafter given, of such office, preceded, if the candidate is the then incumbent thereof, by the word "Present", otherwise, by the word "Former", and followed, if, but only if, the office is that of city councillor, by the words "at Large" or "for Ward (*here insert ward number in numerals, which shall be counted as one word*)", as the case may be. Every nomination petition sheet shall, before issuance, be prepared by the election commission by printing or inserting thereon the matter required by the first two paragraphs of the foregoing form. Not more than three hundred nomination petition sheets shall be issued to any candidate for nomination to the office of mayor under Plan A; not more than one hundred and fifty such sheets shall be issued to any candidate for nomination to the office of city councillor under Plan A or D; and not more than two hundred such sheets shall be issued to any candidate for nomination to the office of school committeeman under Plan A or D. No nomination petition sheet shall be received or be valid unless prepared and issued by the election commission; nor shall any such sheet be received or be valid unless the written acceptance of the candidate thereby nominated is endorsed thereon, anything in section three A of chapter fifty of the General Laws to the contrary notwithstanding.

SECT. 56. The nomination petition shall be signed, in the case of a candidate for mayor, by at least three thousand registered voters of the city qualified to vote for such candidate at the preliminary election, in the case of a candidate for city councillor, by at least fifteen hundred registered voters of the city qualified to vote for such candidate at such election,

and, in the case of a candidate for school committeeman, by at least two thousand registered voters of the city qualified to vote for such candidate at such election.

Every voter signing a nomination petition shall sign in person, with his name as registered, and shall state his residence on January first preceding, or his residence when registered if subsequent thereto, and the place where he is then living, with the street and number, if any; but any voter who is prevented by physical disability from writing may authorize some person to write his name and residence in his presence. No voter may sign as petitioner more than one nomination petition for the office of mayor, nor more than nine nomination petitions for the office of city councillor, nor more than five nomination petitions for the office of school committeeman. If the name of any voter appears as petitioner on more nomination petitions for an office than prescribed in this section, his name shall, in determining the number of petitioners, be counted, in the case of the office of mayor, only on the nomination petition sheet bearing his name first filed with the election commission, in the case of the office of city councillor, only on the nine nomination petition sheets bearing his name first filed with said commission, and, in the case of the office of school committeeman, only on the five nomination petition sheets bearing his name first filed with said commission. If the name of any voter appears as petitioner on the same nomination petition more than once, it shall be deemed to appear but once. The signature of any petitioner which is not certified by the circulator of the sheet as provided in the form set forth in section fifty-five A shall not be counted in determining the number of petitioners.

The separate sheets of a nomination petition may be filed all at one time or in lots of one or more from time to time, but shall all be filed with the election commission at or before five o'clock in the afternoon on the eleventh Tuesday preceding the preliminary election. Every nomination petition sheet shall be filed by a responsible person, who shall sign such sheet and, if he is other than the candidate, add to his signature his place of residence, giving street and number, if any; and the election commission shall require satisfactory identification of such person.

The names of candidates appearing on nomination petitions shall, when filed, be a matter of public record; but no nomination petition shall be open to public inspection until the signatures on all nomination petitions for the same office have been certified.

SECT. 57. Upon the filing of each nomination petition sheet the election commission shall check each name to be certified by it on such sheet and shall certify thereon the number of signatures so checked which are the names of registered voters of the city qualified to sign the same; provided, however, that said commission shall not certify, in connection with a single nomination petition, a greater number of names than required by section fifty-six with one tenth of such number added thereto. Names not certified in the first instance shall not thereafter be certified on the same nomination petition. All nomination petitions not containing names certified pursuant to this section, to the number required by said section fifty-six, shall be invalid. The election commission shall complete

the certification required by this section at or before five o'clock in the afternoon on the fifty-fifth day preceding the preliminary election.

SECT. 57A. A nomination petition which has been filed and is in apparent conformity with law shall be valid unless written objection thereto is made by a registered voter of the city. Such objection shall be filed with the election commission at or before five o'clock in the afternoon on the forty-ninth day preceding the preliminary election. Objections filed with the election commission shall forthwith be transmitted by it to the Boston ballot law commission. Certification pursuant to section fifty-seven shall not preclude a voter from filing objections to the validity of a nomination petition.

SECT. 57B.* Any candidate may withdraw his name from nomination by a request signed and duly acknowledged by him; provided, however, that all withdrawals shall be filed with the election commission at or before five o'clock in the afternoon on the forty-ninth day preceding the preliminary election. If a candidate so withdraws his name from nomination before five o'clock in the afternoon of the twenty-ninth day preceding the preliminary election, or is found to be ineligible or dies, the vacancy may be filled by a committee of not less than five persons or a majority thereof, if such committee be named and so authorized in the nomination petition; provided, however, that all certificates of substitution, except any certificate of substitution for a deceased candidate for mayor under Plan A, shall be filed with the election commission at or before five o'clock in the afternoon on said twenty-ninth day.

The certificate of substitution for a deceased candidate for mayor under Plan A shall be filed with the election commission (a) at or before five o'clock in the afternoon on the first Tuesday preceding the preliminary election if he dies on or before the second Friday preceding such election (b) at or before five o'clock in the afternoon on the first Friday following the preliminary election if he dies after the second Friday preceding such election and before the closing of the polls at such election, (c) at or before five o'clock in the afternoon on the first Tuesday preceding the regular election if he dies after the closing of the polls at the preliminary election and on or before the second Friday preceding the regular election, and (d) at or before five o'clock in the afternoon on the first Friday following the regular election if he dies after the second Friday preceding such election and before the closing of the polls at such election; provided, however, that no certificate of substitution for such a deceased candidate shall be filed after the closing of the polls at the preliminary election unless such candidate, if living, would be deemed under either section fifty-seven C or sixty-one to have been nominated for the office of mayor under Plan A.

If a certificate of substitution for a deceased candidate for mayor under Plan A is filed at or before five o'clock in the afternoon on the first Tuesday preceding the preliminary election, the ballots for use at such election shall be printed with the name, residence and ward of the sub-

stitute in the place of the name, residence and ward of the deceased; and the voting machine ballot labels for use at such election, if not previously printed, shall be printed with the name, residence and ward of the substitute in the place of the name, residence and ward of the deceased, and, if previously printed shall have a slip containing the name, residence and ward of the substitute pasted over the name, residence and ward of the deceased. If such a certificate is filed after five o'clock in the afternoon on the first Tuesday preceding the preliminary election, all ballots and voting machine ballot labels for use at such election shall bear the name, residence and ward of the deceased but shall be deemed as a matter of law to bear the name, residence and ward of the substitute in the place of the name, residence and ward of the deceased, and a vote for the deceased at such election shall be counted as a vote for the substitute. If such a certificate is filed at or before five o'clock in the afternoon on the first Tuesday preceding the regular election, the ballots for use at such election other than absent voting ballots shall be printed with the name, residence and ward of the substitute in the place of the name, residence and ward of the deceased; and the absent voting ballots for use at such election, if not previously printed, shall be printed with the name, residence and ward of the substitute in the place of the name, residence and ward of the deceased and, if previously printed, shall be deemed as a matter of law to bear the name, residence and ward of the substitute in the place of the name, residence and ward of the deceased so that a vote thereon for the deceased shall be counted as a vote for the substitute; and the voting machine ballot labels for use at such election, if not previously printed, shall be printed with the name, residence and ward of the substitute in the place of the name, residence and ward of the deceased, and, if previously printed, shall have a slip containing the name, residence and ward of the substitute pasted over the name, residence and ward of the deceased. If a candidate for mayor under Plan A in whose nomination petition a committee of not less than five persons or a majority thereof is authorized to fill a vacancy dies after the second Friday preceding the regular election and a certificate of substitution is not filed at or before five o'clock in the afternoon on the first Tuesday preceding such election, such election, so far, but only so far, as it is for the purpose of electing a person for the office of mayor, shall be postponed for four weeks and no vote cast for any candidate for mayor at the originally scheduled election shall be counted.

Every certificate of substitution shall state:—(1) the name of the substitute, (2) his residence, with street and number, if any, and ward, (3) the office for which he is to be a candidate, (4) the name of the original candidate, (5) the fact of his death, withdrawal or ineligibility, and (6) the proceedings had for making the substitution. The chairman and secretary of the committee shall sign and make oath to the truth of the certificate; and it shall be accompanied by the written acceptance of the candidate substituted. A certificate of substitution shall be open to objection in the same manner, so far as practicable, as a nomination petition.

SECT. 57C. On the first day, other than a legal holiday or Saturday or Sunday, following the expiration of the time for filing withdrawals and the final disposition of any objections filed, the election commission shall post in a conspicuous place in the city hall the names, residences and wards of the candidates for nomination for mayor under Plan A and for city councillor and school committeeman under Plans A and D who have duly qualified as such candidates, as they are to appear on the official ballots to be used at the preliminary election, except as to the order of the names. If there are so posted the names of not more than two candidates for the office of mayor under Plan A, the candidates whose names are so posted shall be deemed to have been nominated for said office, and the preliminary election for the purpose of nominating candidates therefor shall be dispensed with; if there are so posted the names of not more than eighteen candidates for the office of city councillor under Plan A or D, the candidates whose names are so posted shall be deemed to have been nominated for said office, and the preliminary election for the purpose of nominating candidates therefor shall be dispensed with; and if there are so posted the names of not more than ten candidates for the office of school committeeman under Plan A or D, the candidates whose names are so posted shall be deemed to have been nominated for said office, and the preliminary election for the purpose of nominating candidates therefor shall be dispensed with.

SECT. 58. On the day of the posting provided for by section fifty-seven C, or as soon thereafter as conveniently may be, the election commission shall draw by lot the position of the candidates on the ballot. Each candidate shall have an opportunity to be present at such drawing in person or by one representative. As soon as conveniently may be after such drawing, the election commission shall cause the ballots to be printed. Said ballots shall, in addition to the directions and numbers provided for by section fifty-nine, contain, in the order drawn by the election commission, the names posted as aforesaid (except those of candidates deemed under section fifty-seven C to have been nominated), and no others, with a designation of residence and ward and the title and term of the office for which the person named is a candidate, and the statement, if any, contained in his nomination petition concerning the elective public offices held by him. Said ballots shall be official and no others shall be used at the preliminary election. Said ballots shall be headed as follows:

OFFICIAL PRELIMINARY MUNICIPAL ELECTION BALLOT

Candidates for nomination for the offices of _____ in the
City of Boston at the preliminary municipal election to be held on Tues-
day, _____, 19 ____.

The heading of said ballots shall be varied in accordance with the offices for which nominations are to be made.

SECT. 59. At every preliminary election, and every regular election, under Plan A, each voter shall be entitled to vote for not more than one candidate for the office of mayor, not more than nine candidates for the

office of city councillor, and not more than five candidates for the office of school committeeman. On the ballots and voting machine ballot labels for use at each of said elections, there shall, as a direction to the voter, be printed in capital letters, near the title of each office to be voted for, the words "VOTE FOR (*here insert in words the number of candidates specified in this section with respect to such office*)". The election commission, when drawing under section fifty-eight the position on the ballot of the candidates for nomination at every preliminary election, shall draw the positions of all candidates for mayor, if any are to be drawn, before drawing the position of any candidate for city councillor or school committeeman and shall draw the positions of all candidates for city councillor, if any are to be drawn, before drawing the position of any candidate for school committeeman. The election commission shall number consecutively, regardless of office, all candidates drawn, — the candidate first drawn being assigned the number 1 and the candidate last drawn being assigned the last number assigned. No position shall be drawn for, nor shall any number be assigned to, any candidate deemed under section fifty-seven C to have been nominated; nor shall any number be assigned to any blank space provided under section sixty-four or to any sticker candidate, so called; and no vote by sticker, which term shall not be construed to include the slip provided for by section fifty-seven B, shall be counted if any candidate number appears thereon. The numbers assigned under this paragraph shall be separate and distinct from the alphabetical or numerical code of any voting machine. On the ballots and voting machine ballot labels for use at every preliminary election, there shall, as an aid to the voter, be printed in numerals, before the name of each candidate and with type the same size as the name, the number assigned to the candidate by the election commission under this paragraph.

SECT. 60. The election officers shall, immediately upon the closing of the polls at preliminary elections, count the ballots and ascertain the number of votes cast in the several voting places for each candidate, and forthwith make return thereof upon the total vote sheets or, if voting machines are used, the general or precinct record sheets, as the case may be, to the election commission which shall forthwith canvass said returns and, subject to the provisions of the first sentence of section one hundred and thirty-seven of chapter fifty-four of the General Laws, determine and declare the result thereof, publish said result in one or more newspapers in the city, and post the same in a conspicuous place in the city hall.

SECT. 61. The two persons receiving at a preliminary election under Plan A the highest number of votes for nomination for the office of mayor shall be deemed to have been nominated for said office; and the eighteen persons receiving at such an election under Plan A or D the highest number of votes for nomination for the office of city councillor shall be deemed to have been nominated for said office; and the ten persons receiving at such an election under Plan A or D the highest number of votes for nomination for the office of school committeeman shall be deemed to have been nominated for said office. If a preliminary election under Plan A or D results in a tie vote among candidates for nomination receiving the lowest number of votes, which, but for said tie vote, would entitle a person

receiving the same to be deemed to have been nominated, all persons participating in said tie vote shall be deemed to have been nominated, although in consequence there be printed on the official ballot to be used at the regular election names to a number exceeding twice the number to be elected.

SECT. 62. The name of every person deemed under section fifty-seven C or section sixty-one to have been nominated, together with his residence and ward and the title and term of the office for which he is a candidate, and the statement, if any, contained in his nomination petition concerning the elective public offices held by him, shall, in addition to the directions provided for by section fifty-nine, be printed on the official ballots to be used at the regular elections; and said persons shall be the sole candidates whose names may be printed on such ballots. As soon as conveniently may be after the sixth Tuesday preceding every regular election, the election commission shall draw by lot the position of said names on said ballots; and said names shall be printed on such ballots in the order so drawn. Each candidate shall have an opportunity to be present at such drawing in person or by one representative.

SECT. 63. No ballot used at any preliminary or regular election shall have printed thereon any party or political designation or mark, and there shall not be appended to the name of any candidate any such party or political designation or mark or anything showing how he was nominated or indicating his views or opinions.

SECT. 64. On every ballot to be used at a preliminary or regular election, there shall be left, at the end of the list of candidates for each office, blank spaces equal to the number for which a voter may vote for such office, in which blank spaces the voter may insert the name of any person not printed on the ballot for whom he desires to vote for such office.

SECT. 65. At every preliminary election, and every regular election under Plan D, each voter shall be entitled to vote for not more than six candidates for the office of city councillor and not more than three candidates for the office of school committeeman. On the ballots for use at both of said elections, there shall be printed directions to the voters that each voter shall not vote for more than the number of candidates specified in this section.

THE MAYOR AND CITY COUNCIL

* * * * *

SECT. 3.* All appropriations, other than for school purposes, to be met from taxes, revenue or any source other than loans, shall originate with the mayor, who, not later than the first Monday in February of each year, shall submit to the city council the annual budget of the current expenses of the city and county for the current fiscal year, and may submit thereafter such supplementary appropriation orders as he may deem necessary. The city council may reduce or reject any item, but, except upon the recommendation of the mayor, shall not increase any item in, nor the total of, a budget, nor add any item thereto, nor shall it originate a budget. Not later than the first Monday in April the city council shall take definite action on the annual budget by adopting, reducing or rejecting it, and in the event of their failure so to do the items and the appropriation orders in the budget as recommended by the mayor shall be in effect as if formally adopted by the city council and approved by the mayor. The city council shall take definite action on any supplementary appropriation order for the public facilities department by adopting, reducing or rejecting it within sixty days after it is filed with the city clerk; and in the event of their failure so to do, such supplementary appropriation order as submitted by the mayor shall be in effect as if formally adopted by the city council and approved by the mayor. It shall be the duty of the city and county officials, when requested by the mayor, to submit forthwith in such detail as he may require estimates for the next fiscal year of the expenditures of the department or office under their charge, which estimates shall be transmitted to the city council.

SECT. 3A.† In the period after the expiration of any fiscal year, and before the regular appropriations have been made by the city council and the school committee, city and county officers who are authorized to make expenditures, and the school committee, may incur liabilities in carrying on the work of the several departments and offices entrusted to them, and payments therefor shall be made from the treasury from any available funds therein and charged against the next annual appropriation, or special appropriation, if any is made; provided, that the liabilities

incurred during such interval for regular employees do not exceed in any one month the average monthly expenditure of the last three months of the preceding fiscal year, and that the total liabilities incurred during said interval do not exceed in any one month the sums spent for similar purposes during any one month of the preceding fiscal year; and provided, further, that said officers who are authorized to make expenditures may expend in any one month for any new officer or board lawfully created an amount not exceeding one twelfth of the estimated cost for the current fiscal year; and provided, further, that until a regular or special appropriation has been made for snow removal, expenditures may be made for that purpose to an amount not exceeding the average of the annual expenditures for snow removal in the five preceding fiscal years. Notwithstanding the foregoing limitations upon the authority of city officers to incur liabilities during said interval, such officers may incur liabilities to such extent as may be necessary for the purpose of compensating first assistant assessors for their regular duties.

SECT. 3B.* After an appropriation of money has been duly made by the city of Boston for any specific purpose, or for the needs and expenditures of any city department or county office, no transfer of any part of the money thus appropriated shall be made except in accordance with and after the written recommendation of the mayor to the city council, approved by a yea and nay vote of two thirds of all the members of the city council; provided, that the city auditor, with the approval in each instance of the mayor, may make transfers, other than for personal service, from any item to any other item within the appropriations for a department, division of a department or county office. After December tenth in each year the city auditor may, with the approval of the mayor in each instance, apply any income and taxes not disposed of and make transfers from any appropriation to any other appropriation for the purpose only of closing the accounts of the fiscal year.

(See Stat. 1942, Chap. 4, Sect. 3, reading as follows:

"During the continuance of the existing state of war between the United States and any foreign country, notwithstanding the provisions of section three B of chapter four hundred and eighty-six of the acts of nineteen hundred and nine, inserted in said chapter by section one of chapter six hundred and four of the acts of nineteen hundred and forty-one, the vote required for approval by the city council of the city of Boston of any transfer of appropriation, other than a loan appropriation, shall be by a yea and nay vote of a majority of all the members of the city council.")

SECT. 4A.† The mayor may designate one clerical assistant for whose acts he shall be responsible to sign his name in approval of all vouchers of less than five hundred dollars each.

SECT. 5.* The city council with the approval of the mayor may from time to time make by-laws or ordinances for any or all of the following purposes:—(a) to create a new department or agency; (b) to abolish, in whole or in part, any department or agency; (c) to reorganize, in whole or in part, any department or department head or any agency or agency head; (d) to confer or impose on any department or agency any power or duty of the city not appertaining at the time of the making of the by-law or ordinance to any department or agency; (e) to transfer any or all of the powers, duties and appropriations of any division of any department or agency to another division of the same department or agency; (f) to transfer any or all of the powers, duties and appropriations of any department or division thereof or of any agency or division thereof either to another department or division thereof or to another agency or division thereof; and (g) to increase, reduce, establish or abolish the salary of any department or agency head. Every department or agency head created by, or resulting from a reorganization effected by, a by-law or ordinance made under this section shall, unless ex officio, be appointed by the mayor without confirmation by the city council for a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected or, in the case of a person serving without compensation or of a person serving on the board of appeal, the board of examiners, the board of examiners of gasfitters or other like board, for such other term as the by-law or ordinance may prescribe. Every person holding an office or position subject to the civil service law and rules shall, if the office or position is abolished by a by-law or ordinance made under this section and the by-law or ordinance so provides, be reappointed without civil service examination or registration to a similar office or position with similar status in any new department or agency, or division of either, thereby created or in any department or agency, or division of either, not thereby abolished; and every such person shall upon such reappointment, retain all rights to retirement with pension that shall have accrued or would thereafter accrue to him; and his services shall be deemed to have been continuous to the same extent as if such abolition had not taken place. As used in this section, the term “agency” shall be construed to mean any office in charge of a board or officer not subject to the direction of a department head. Nothing in this section shall authorize any action in conflict with the civil service laws or rules except as expressly provided herein; nor shall any by-law or ordinance made under this section affect in any way the school committee or any board or officer of the school committee or school department, or the board of commissioners of school buildings or the superintendent of construction, or the board of trustees of the teachers’ retirement fund or the board of trustees of the permanent school pension fund, or the Boston retirement board, or the city clerk, or the board of election commissioners, or the Boston traffic commission, or any board or officer appointed by the governor.

* Sect. 5 as amended by Stat. 1953, Chap. 473.

SECT. 6. No contract for lighting the public streets, parks, or alleys, or for the collection, removal, or disposal of refuse, extending over a period of more than one year from the date thereof, shall be valid without the approval of the mayor and the city council after a public hearing held by the city council of which at least seven days' notice shall have been given in the City Record.

SECT. 8. Neither the city council, nor any member or committee, officer, or employee thereof shall, except as otherwise provided in this act, directly or indirectly on behalf of the city or the county of Suffolk take part in the employment of labor, the making of contracts, the purchase of materials, supplies or real estate; nor in the construction, alteration, or repair of any public works, buildings, or other property; nor in the care, custody, and management of the same; nor in the conduct of the executive or administrative business of the city or county; nor in the appointment or removal of any municipal or county employee; nor in the expenditure of public money except such as may be necessary for the contingent and incidental expenses of the city council. . . .

It shall be unlawful for the mayor or for a member of the city council or for any officer or employee of the city or of the county of Suffolk or for a member of the finance commission directly or indirectly to make a contract with the city or with the county of Suffolk, or to receive any commission, discount, bonus, gift, contribution or reward from or any share in the profits of any person or corporation making or performing such contract, unless such mayor, member of the city council, officer, or employee or member of the finance commission immediately upon learning of the existence of such contract or that such contract is proposed, shall notify in writing the mayor, city council, and finance commission of such contract and of the nature of his interest in such contract and shall abstain from doing any official act on behalf of the city in reference thereto. In case of such interest on the part of an officer whose duty it is to make such contract on behalf of the city, the contract may be made by any other officer of the city duly authorized thereto by the mayor, or if the mayor has such interest by the city clerk: *provided, however*, that when a contractor with the city or county is a corporation or voluntary association, the ownership of less than five percent of the stock or shares actually issued shall not be considered as being an interest in the contract within the meaning of this act, and such ownership shall not affect the validity of the contract, unless the owner of such stock or shares is also an officer or agent of the corporation or association, or solicits or takes part in the making of the contract.

A violation of any provision of this section shall render the contract in respect to which such violation occurs voidable at the option of the city or county. Any person violating the provisions of this section shall be punished by a fine of not more than one thousand dollars, or by imprisonment for not more than one year, or both. . . .

THE EXECUTIVE DEPARTMENT

SECT. 9. All heads of departments and members of municipal boards, including the board of street commissioners, as their present terms of office expire (but excluding the school committee and those officials by law appointed by the governor), shall be appointed by the mayor without confirmation by the city council. They shall be recognized experts in such work as may devolve upon the incumbents of said offices, or persons specially fitted by education, training or experience to perform the same, and (except the election commissioners, who shall remain subject to the provisions of existing laws) shall be appointed without regard to party affiliation or to residence at the time of appointment except as hereinafter provided.

* * * * *

SECT. 12. A vacancy in any office to which the provisions of section nine of this act apply, shall be filled by the mayor under the provisions of said section and pending a permanent appointment he shall designate some other head of a department or member of a board to discharge the duties of the office temporarily.

SECT. 13.* Members of boards shall be appointed for the terms established by law or by ordinance. Heads of departments shall be appointed for terms of four years beginning with the first of May of the year in which they are appointed and shall continue thereafter to hold office during the pleasure of the mayor.

SECT. 14.† The mayor may remove any head of a department or member of a board (other than the election commissioners, who shall remain subject to the provisions of existing law) by filing a written statement with the city clerk setting forth in detail the specific reasons for such removal, a copy of which shall be delivered or mailed to the person thus removed, who may make a reply in writing, which, if he desires, may be filed with the city clerk, but such reply shall not affect the action taken unless the mayor so determines. The provisions of this section shall not apply to the school committee, the public facilities commission, or any official by law appointed by the governor.

SECT. 15. The positions of assistants and secretary authorized by section twenty of chapter four hundred and forty-nine of the acts of the year eighteen hundred and ninety-five except those in the election department are hereby abolished, and except as aforesaid the said section is hereby repealed.

The civil service laws shall not apply to the appointment of the mayor's secretaries, nor of the stenographers, clerks, telephone operators and messengers connected with his office, and the mayor may remove such appointees without a hearing and without making a statement of the cause for their removal.

Any official who shall violate the provisions of this section shall be punished by imprisonment for not more than one year, or by a fine of not more than one thousand dollars, or both.

SECT. 16A.* Anything in section three A or section sixteen to the contrary notwithstanding, city and county officers who are authorized to make expenditures, and the school committee, may, during any fiscal year, at the time of, or after, contracting for the performance or delivery during the remainder of such year of any work, services or supplies of a constantly recurrent nature, contract, without an appropriation, upon like or more favorable terms and conditions, for the performance or delivery of such work, services or supplies for the whole or any part of the first three months of the next fiscal year; provided, that in no event shall the average monthly liability incurred with respect to the next fiscal year exceed the average monthly liability for such work, services or supplies during the last nine months of the then current fiscal year.

MISCELLANEOUS PROVISIONS

SECT. 26.† All loans issued by the city after the passage of this act shall be made payable in annual instalments in the manner authorized by section thirteen of chapter twenty-seven of the Revised Laws as amended by section one of chapter three hundred and forty-one of the acts of the year nineteen hundred and eight. No sinking fund shall be established for said loan. All bonds shall be offered for sale in such a manner that the premiums, if any are received, shall be applied in accordance with the provisions of chapter three hundred and seventy-nine of the acts of the year nineteen hundred and ten. No city or county money shall be deposited in any bank or trust company of which any member of the board of sinking fund commissioners of said city is an officer, director, or agent. Nothing herein shall apply to transit bonds of the city of Boston issued under the provisions of the several acts authorizing the construction of tunnels and subways in said city by the Boston Transit Commission, and said bonds may be issued as heretofore and secured by sinking fund.

the officials and employees under said officer or board and paid by the city or county on the first of such February. Such list shall give the name, residence by street and ward, designation, compensation, and date of election or appointment of each of said officials and employees and the date when each first entered the employ of the city or county. It shall be the duty of the city auditor to verify said lists by the pay rolls and to keep a copy of said lists open for public inspection, and to prepare and publish in the City Record on or before the tenth day of April in each year a comparative table containing the number of such officials and employees holding office or employed in each such department or board and paid by the city or county on the compilation date in each of the ten years next preceding such publication. The term "compilation date," as herein used, shall be construed to mean, with respect to the year nineteen hundred and fifty-one or any prior year, the first day of January, and with respect to the year nineteen hundred and fifty-two or any subsequent year, the first day of February.

SECT. 28. The jurisdiction now exercised by the board of aldermen concerning the naming of streets, the planting and removal of trees in the public ways, the issue of permits or licenses for coasting, the storage of gasoline, oil, and other inflammable substances or explosive compounds and the use of the public ways for any permanent or temporary obstruction or projection in, under, or over the same, including the location of conduits, poles, and posts for telephone, telegraph, street railway, or illuminating purposes, is hereby vested in the board of street commissioners, to be exercised by said board with the approval in writing of the mayor; and the mayor and city council shall have authority to fix by ordinance the terms by way of cash payment, rent, or otherwise, upon which permits or licenses for the storage of gasoline or oil, or other inflammable substances or explosive compounds, and the construction or use of coal holes, vaults, bay windows, and marquises, in, under, or over the public ways shall be issued.

SECT. 29.* Within ninety days after the passage of this act and thereafter there shall be published at least once a week and distributed and sold under the direction of the mayor and on terms to be fixed by the city council and approved by the mayor a paper to be known as the "City Record." All advertising with reference to the sale of property for non-payment of taxes shall appear exclusively in the City Record. All other advertising, whether required by law or not, with reference to the purchase or taking of land, contracts for work, materials or supplies, and the sale of bonds, shall appear in said paper, and in such newspaper or newspapers as the mayor, in his discretion, may order; a list of all contracts of one thousand dollars or more, as awarded, with the names of bidders, and the amount of the bids; appointments by the mayor; and changes in the number and compensation of employees in each department, shall be published in the City Record. Failure to publish in such newspaper or newspapers as the mayor may order shall not invalidate any purchase, contract or sale made or action taken by the city. The proceedings of the

SECT. 30.* Every officer or board in charge of a department in said city and every officer, board or official of the county of Suffolk having power to incur obligations on behalf of said county in cases where said obligations are to be paid for wholly from the treasury of said city, when authorized to erect a new building or to make structural changes in an existing building, shall make contracts therefor, not exceeding five, each contract to be subject to the approval of the mayor; and when about to do any work or to make any purchase, the estimated cost of which alone, or in conjunction with other similar work or purchase which might properly be included in the same contract, amounts to or exceeds two thousand dollars, shall, unless the mayor gives written authority to do otherwise, invite proposals therefor by advertisements in the City Record. Such advertisements shall state the time and place for opening the proposals in answer to said advertisement, and shall reserve the right to the officer, board or official to reject any or all proposals. No authority to dispense with advertising shall be given by the mayor unless the said officer, board or official furnishes him with a signed statement which shall be published in the City Record giving in detail the reasons for not inviting bids by advertisement.

SECT. 31.† Without obtaining the consent of any other board or officer or further authority than that contained in this act, the public facilities commission, in the name of the city, may acquire by purchase, lease, gift, devise or otherwise for any municipal purpose a fee simple absolute or any lesser interest in any land, public or private, within the limits of the city, including air rights and riparian rights, and may take by eminent domain under chapter seventy-nine or chapter eighty A of the General Laws any such fee or interest except in parks and playgrounds and except also, unless there be express consent, in lands belonging to or covered by contract with the United States, the commonwealth, the Boston Housing Authority or the Boston Redevelopment Authority. Whenever the price proposed to be paid for any land to be acquired for any municipal purpose is more than twenty-five percent higher than its average assessed valuation during the previous three years, such land shall not be acquired by purchase but shall be taken by eminent domain. No land shall be taken until an appropriation by loan or otherwise for the general purpose for which land is needed shall have been made by the mayor and city council by a two thirds vote of all its members; nor shall a price be paid in excess of the appropriation, unless a larger sum is awarded by a court of competent jurisdiction. Nothing in this section shall affect in any way the powers and duties of the real property board under chapter four hundred and seventy-four of the acts of nineteen hundred and forty-six as now or

"Surplus land", as used in this section, shall be deemed to mean land, buildings and real estate now or hereafter belonging to the city and in the care, custody, management and control of said commission (except parks and playgrounds) which at the time of such lease or sale are or have been used for school purposes, or which have been acquired by foreclosure of tax titles or acquired under section eighty of chapter sixty of the General Laws, or which, irrespective of the manner or time of acquisition, are not held by the city for a specific purpose, or which have been transferred to the commission by the city council.

It is the duty of this board, and more especially of the Director of Administrative Services, to make, under the Mayor, studies and recommendations with respect to the organization, activities, policies, and procedures of all departments, boards, and officers so that the administration thereof shall be economical and efficient.

The Deputy Director of Administrative Services for Fiscal Affairs shall, under the direction of the Mayor, and in consultation with the Director of Administrative Services review all aspects of the fiscal affairs of the city and make recommendations for continual modernization and improvement in the basic fiscal policies and procedures of the city, including, but not limited to, the means by which the budget can be used to effectuate policy decision.

* For a term expiring on the first Monday of the January following the next biennial municipal election at which a mayor is elected.

† Stat. 1959, Chapter 603 placing the office of Supervisor of Personnel under Civil Service was accepted by the City Council on October 19, 1959, and approved by the Mayor on October 20, 1959.

The regular activities of the department, for payroll purposes, are divided into six divisions—administrative, budget, data processing, personnel, printing, and purchasing, the operations and functions of all divisions being under the overall supervision of the Director.

The Administrative Division which handles all types of administrative matters concerning City and County operations, is under the supervision of the Executive Secretary to the Board.

The Supervisor of Budgets is the budget officer of the City and County and under the direction of the Mayor and in consultation with the Director is responsible for the preparation of the annual and all supplementary budgets as well as all subsequent revisions of the items in any budget.

The Supervisor of Personnel is in charge of all personnel records as well as the administration of all compensation plans established for City and County employees. He makes a continuing study of personnel problems, employment conditions, and economic changes affecting all departments and recommends to the Mayor and department officials programs and administrative policies designed to improve and co-ordinate the handling of personnel matters.

The Office of Labor Relations was established in 1971 by his Honor the Mayor and the Board and by Ordinance in 1974 as a new unit within the Personnel Division. The office represents the Mayor in collective bargaining and is responsible for the administration of collective bargaining agreements and all other labor relations matters.

The Purchasing Agent is responsible for the furnishing of all materials or supplies requisitioned by the several departments. He has charge of the Printing Plant and supplies the printing or binding requisitioned by departments to whom the City is required by law to furnish the same. He is the custodian of all surplus personal property of the City and may reallocate any such items among the several departments or, with the required approvals, sell or otherwise dispose of the same. He is also responsible for the operations of the Office Machine Repair Unit.

The department also contains a board of five commissioners known as the Art Commission, which has the custody and care of all works of art owned by the City. While not subject to the direct supervision or control of the Administrative Services Board, this commission shall not communicate with the Mayor or make any annual or other report except through the board.

JAMES T. REID, *Assistant Commissioner, Inspections*

JOHN L. O'LEARY, *Supervisor of Mechanical Inspections*

ALEC F. BONDA, *Supervisor of Electrical Inspections*

The duty of the Building Commissioner, under the provisions of Chapter 802 of the Acts of 1972, as amended (the Massachusetts State Building Code), is to inspect all buildings and structures in the City of Boston except bridges, quays or wharves, buildings owned and occupied by the United States or the Commonwealth, railroad stations and structures used primarily for railway purposes, voting booths, tanks of certain specified capacities, tunnels constructed and maintained by the public authority, tents covering an area of less than one hundred square feet, fences less than six feet in height, signs or billboards upon the ground and signs less than one square foot in area, and flagpoles less than twenty feet in length.

The Code authorizes the Commissioner to issue permits to erect, enlarge, alter, substantially repair, move, demolish or change the occupancy of any building or structure; or to install, alter, or substantially repair plumbing, gas fitting, fire extinguishing apparatus and elevators; or to install steam boilers, furnaces, heaters or other heat producing apparatus the installation of which is regulated by the Code; or to install engines or dynamos.

Pursuant to Chapter 665, Acts of 1956, a new zoning code has been prepared and approved and became effective Dec. 31, 1964. Many important revisions of previous regulations are made in the new code, but it continues, in effect, under new use districts and administrative regulations, the general purposes of the superseded zoning act. With minor exceptions, no building shall be erected or altered, nor shall any building or premises be used, for any purpose other than the use permitted in the district in which such building or premises is located.

In addition, Chapter 143 of the General Laws, insofar as applicable to Boston, is administered by the Building Commissioner under delegated authority from the State Commissioner of Public Safety.

The primary purpose of the public safety regulations promulgated under this chapter is to establish a minimum code of safety for the entire state. Cities and towns may make further exactions in accordance with local building ordinances and not inconsistent with law, but in no case may the provisions of state law be avoided or minimized.

The law falls with particular force on all places of assembly — restaurants, taverns, dance halls, meeting halls and all places of similar occupancy in which fifty or more persons may be accommodated. Lodging houses and apartment houses in which there are eight or more rooms above the second floor, or in which ten or more persons are accommodated above the second floor come also within the provisions of this Act. All such buildings must be certified by the Building Commissioner as to compliance with these particular regulations in addition to the Boston Code requirements.

On May 1, 1954, in accordance with Ordinances of 1954, Chapter 2, Section 30, the powers, duties, appropriations and personnel of the Electrical Inspection Division of the Fire Department were transferred to the Building Department.

By Chapter 2 of the Ordinances of 1954 the Board of Appeal, the Board of Examiners, and the Committee on Licenses were placed in the Building Department and the Board of Zoning Adjustment and the Zoning Com-

mission were placed in the said Department by Revised Ordinances of 1961, Chapter 9, Sections 9 and 10, but none of said Boards, Commission or Committee is subject to the supervision or control of the Building Commissioner, but unless otherwise ordered by the Mayor none of said Boards, Commission or Committee shall communicate with the Mayor or make any annual or other report, except through the Building Commissioner.

Licenses for gas fitters are now issued by the Gas Regulatory Board (Ch. 623, Acts 1962).

Ch. 254, Acts 1965, became effective May 5, 1965. Under its provisions the Electrical Code of the City of Boston was repealed and the Massachusetts Electrical Code (G. L., Ch. 143, S. 3L) was substituted therefor.

The District, as defined in the Act comprises the area bounded as follows:—southerly by the northerly side line of Beacon street; westerly by a line parallel with, and one hundred and fifty feet distant westerly from, the westerly side line of Beaver street; northerly by Beaver place; easterly by Brimmer street; northerly again by Byron street; westerly again by a line parallel with, and eighty feet distant westerly from, the westerly side line of Charles street; northerly again by the southerly side line of Revere street; easterly again by the westerly side line of Myrtle street; northerly again by the southerly side line of Myrtle street; and easterly again by the westerly side line of Hancock street and said side line extended southerly to Beacon street; excluding, however, from said area land of the commonwealth and the estates numbered twenty-six to eighty-eight, inclusive, and ninety-eight to one hundred and thirty-six, inclusive, on Myrtle street.

It is the function of the Commission to regulate and control all construction, reconstruction and alteration to buildings and structures within

the District in which exterior architectural features are involved. Under the terms of the Act, an "Exterior Architectural Feature" is the "architectural style and general arrangement of such portion of the exterior of a structure as is designed to be open to view from a public way, including kind, color and texture of the building materials of such portion and type of all windows, doors, lights, signs and other fixtures appurtenant to such portion."

A Board of Health was first established in 1799 under a special statute of February 13, 1799. It was abolished by the first City Charter and from 1822 to 1872 its functions were exercised through the City Council.

A Board of Health was re-established by an ordinance of December 2, 1872. It published annual reports beginning with 1873.

By Chap. 1, Ord. 1914, 2d Series, the board was replaced by a Health Commissioner. Chap. 1, Ord. 1915, provided that the quarantine service should pass from the control of the Health Department when certain property was leased to the United States, in effect June 1, 1915.

Ord. 1927, Chap. 1 abolished the Boston Sanatorium Department and placed the Tuberculosis Sanatorium at Mattapan under the jurisdiction of the Boston City Hospital Trustees and transferred all other powers and duties as well as the Out-Patient Department to the Health Commissioner.

The Boston City Hospital was opened on June 1, 1864.

The Relief Stations were closed to patients on March 15, 1938, but on October 15, 1945 the East Boston Relief Station was opened on a 24-hour basis.

The Convalescent Home in Dorchester was closed in March, 1932.

By Ord. 1954 the Institutions Department was abolished; and the powers and duties and appropriations of said department in relation to the commitment of the insane to Long Island and the institution thereon were transferred to the Hospital Department.

Chapter 656 of the Acts of 1965, accepted January 6, 1966, created the Department of Health and Hospitals — merging the former Health Department and former Hospital Department. The Board of Health and Hospitals by this same statute was incorporated as the Trustees of Health and Hospitals of the City of Boston and authorized to hold real and personal estate to an amount not exceeding \$10,000,000.

As thus constituted, the department continued up to 1913, when, by the provisions of Chapter 10, Ordinances of 1912, it was merged with the Public Grounds, Bath and Music Departments, under the name of Park and Recreation Department. In 1920, the Cemetery Department was merged with the Park Department, the latter title being substituted for Park and Recreation Department. On May 1, 1954, the department became the Parks and Recreation Department. The four Associate Commissioners serve without compensation.

This Division has the control, care, and maintenance of all pipes and appurtenances for supplying wholesome water to the City. Its source of supply is the Metropolitan District Commission which charges two hundred forty dollars (\$240.00) per million gallons of water to its members. Boston's requirements were 144,981,306 gallons per day in 1974, or 226 gallons per capita. Under present rates the consumer pays the city one cent for 15 gallons of pure water.

The Division maintains and operates a high pressure fire service for the central business section of Boston.

FRANKLIN INSTITUTE OF BOSTON, 41 Berkeley Street

MICHAEL C. MAZZOLA, *Director*

The Franklin Foundation is incorporated under Chapter 569 of the Acts of 1908, a board of citizens being named therein to act for the City in the control of the Franklin Fund and in maintaining the Franklin Institute of Boston as an independent technical college for adults.

The Franklin Fund is the proceeds of a bequest of one thousand pounds to "the Inhabitants of the Town of Boston in Massachusetts" made by Benjamin Franklin, in a codicil to his will dated June 23, 1789. The codicil provided that the fund "if accepted by the Inhabitants of the Town of Boston" be managed "under the direction of the Select Men, united with the Ministers of the oldest Episcopalian, Congregational and Presbyterian Churches in that Town," who were to make loans on certain conditions to "young married artificers, under the Age of twenty-five years."

Dr. Franklin, who died April 17, 1790, calculated that, in one hundred years, the thousand pounds would grow to one hundred and thirty-one thousand pounds "of which," he says, "I would have the Managers then lay out at their discretion one hundred thousand Pounds in Public Works which may be judged of most general utility to the Inhabitants The remaining thirty-one thousand Pounds I would have continued to be let out on interest in the manner above directed for another hundred years At the end of this second Term, if no unfortunate accident has prevented the operation the sum will be Four millions and Sixty-one thousand Pounds Sterling, of which I leave one Million sixty-one Thousand Pounds to the Disposition of the Inhabitants of the Town of Boston, and Three Millions to the disposition of the Government of the state, not presuming to carry my views farther." The Town accepted the donation at a Town Meeting held June 1, 1790.

A futile suit brought by the Franklin Heirs in 1891 prevented the division of the fund at the expiration of one hundred years; but on January 17, 1894, by direction of the three ministers and the Board of Aldermen of the City, which board claimed to be the successors of the "Selectmen", \$329,300.48 ($\frac{100}{131}$ of the fund) was paid to the City Treasurer, for "the purchase of land and the erection thereon of the Franklin Institute of Boston and for the equipment of the same." Owing to a series of complications the money remained in the custody of the Treasurer. Mayor Collins, in 1902, caused a petition of the City to be filed in the Supreme Judicial Court, praying for instructions as to the authority of the persons then acting as Managers of the fund. The Court rendered

an opinion November 25, 1903 (184 Mass. 373) to the effect that the three ministers were Managers of the fund under Franklin's will, but that the Aldermen did not succeed the "Selectmen" as Managers and had no powers with reference to it. The Court, under its general power to care for public charitable funds, appointed, on March 16, 1904, nine Managers to take the place of the "Selectmen" and provided in the decree of the Court, that the Mayor of Boston should be one, *ex officio*. Successors to the other eight are appointed by the Court. In 1908 the Franklin Fund Managers were incorporated as The Franklin Foundation by the special act already referred to which was clarified by amendments in 1927 and 1953. In 1931 the Court held the incorporation to be constitutional, since it did not change the composition or duties with respect to the Franklin Fund of the Board of Managers, and answered various questions which had been raised (276 Mass. 549).

On December 2, 1905, the City Treasurer received from Mr. Andrew Carnegie \$408,396.48, said sum being equal to the amount of the expendable portion of the Franklin Fund in August, 1904, which Mr. Carnegie agreed to duplicate.

On November 17, 1927, \$100,000 was received by the Foundation from the estate of the late James J. Storrow, the income to be used for maintenance of Franklin Institute of Boston.

In 1906 the City appropriated \$100,000, raised by a 20-year loan, to purchase a building site of about 16,000 square feet at the corner of Appleton and Berkeley Streets. On January 31, 1907, the amount available to be "laid out" by the Managers was \$438,741.98 and in that year the Franklin Union Building was erected and equipped at a cost of \$438,528.80. It was opened in September, 1908, as a Technical Institute to train young men and women for positions of supervision in industry. In 1941 the name was legally changed to Franklin Technical Institute. In 1957, the Board of Collegiate Authority of the Commonwealth of Massachusetts voted to confirm the action of the Members of the Franklin Foundation to confer the Degree of Associate in Engineering upon qualified graduates of the Institute.

In 1961, the name of the school was again changed to Franklin Institute of Boston. It is maintained partly by tuition fees (\$616,176 for the fiscal year 1973), and income from the previously mentioned funds (*i.e.*, the Andrew Carnegie donation and the Storrow bequest). The Franklin Union Building contains eleven classrooms, two drafting rooms, one shop, fourteen laboratories, library, and offices. There is also an auditorium with a seating capacity of 927.

A second building, acquired in 1960 at 4 Appleton Street, contains four classrooms, two laboratories, one shop, and two offices. A third building, acquired in 1965 at 439-441 Tremont Street, contains three classrooms, five laboratories, one shop, and three offices. Four hundred adult students received instruction at evening sessions and five hundred in day courses during the school year of 1973.

The Franklin Fund (Second Part) will become available in 1991.

KEVIN H. WHITE, Mayor, *Chairman*

LOUISE DAY HICKS, *President*, Boston City Council

WALTER W. MERRILL, *City Auditor*

The late George Robert White, who died in Boston, January 27, 1922, left the residue of his estate to the City of Boston to be held as a permanent charitable trust fund, "the net income only to be used for creating works of public utility and beauty, for the use and enjoyment of the inhabitants of the City of Boston."

The control and management of the fund is in the hands of a board of five trustees, consisting of the Mayor as Chairman, the President of the City Council, the City Auditor, the President of the Boston Chamber of Commerce and the President of the Bar Association of the City of Boston.

At a meeting of the Trustees held on Tuesday, April 5, 1938, it was unanimously voted that the services of a paid Manager be engaged. In accordance with this vote the custody care, control and management of the George Robert White Fund is now in the hands of a Manager; all legal matters are attended to by the Corporation Counsel; all financial disbursements and investments are in the hands of the Collector-Treasurer; all collections and receipts are handled by the Collector-Treasurer; and the examination of all bills and demands rendered against the Fund, together with the approval of all expenditures and the auditing of all accounts, rests with the City Auditor.

Health Units have been provided at Baldwin Place and North Margin Street in the North End, at Paris and Emmons Streets, East Boston, at Dorchester and West Fourth Streets, South Boston, at Blue Hill Avenue and Savin Street, Roxbury, at High and Elm Streets, Charlestown, at Blossom and Parkman Streets, West End, at Whittier and Hampshire Streets, Roxbury, at Central Avenue, Hyde Park, and at Blue Hill Avenue and Harvard Street, Dorchester, in the hope of being able, by proper instruction, to better the living and health conditions of the communities in the congested districts.

A Prado has been established at Hanover and Unity streets in the North End, to provide an open air space for the residents of the North End. In 1935, the Trustees voted to change the name of the Prado to Paul Revere Mall.

In the spring of 1936 the Trustees voted to establish a wading pool and locker building in the yard in the rear of the Whittier Street Health Unit, Roxbury. The wading pool and locker building have since been in full operation for the use and enjoyment of the inhabitants of the City.

In the summer of 1936 the Trustees voted to have thirteen memorial bronze tablets fabricated and placed in the walls of the Paul Revere Mall in the North End. The inscriptions to be placed on these tablets involved considerable research work and as a consequence these tablets were not completed until the summer of 1940. This was done as an improvement to the Mall.

On January 27, 1940, the Trustees voted to purchase an equestrian statue of Paul Revere — made by Cyrus E. Dallin, sculptor — to be placed in the Paul Revere Mall in the North End, as an addition and further improvement in accordance with provision of the will.

On September 22, 1940, the Trustees dedicated the thirteen bronze tablets and the statue of Paul Revere at the Paul Revere Mall in the North End.

Starting in the spring of 1946 and ending in the fall of 1949 the Trustees of the Fund voted to establish the following projects from the Income of the Fund:

Health Unit at Central avenue and Elm street, Hyde Park
Health Unit at Blue Hill avenue and Harvard street, Dorchester
Swimming Pool, Diving Pool and Locker Building, Doherty Heights,
Charlestown

Schoolboy Stadium in Franklin Park

War Memorial Center in the Fens

Swimming Pool, Diving Pool and Locker Building, Commercial
street, North End Park

War Memorial Veterans Section, Mt. Hope Cemetery

On May 25, 1971, the Trustees voted to make extensive improvements to the George Robert White Fund, Health Units in East Boston and South Boston. Such improvements were completed in 1974.

------------------	-------------------

The Boston Housing Authority was established by the Mayor and the City Council, in October of 1935, in accordance with the provisions of General Laws, chapter 121, secs. 26 I et seq.

Five members of the Authority, each appointed for a term of five years, guide and act on local agency policy.

Four of these members are appointed by the Mayor with the approval of the City Council. The Secretary, Executive Office of Communities and Development, appoints one member. As the terms of the members expire, successors are appointed by the same appointive powers for terms of five years.

The objective of the public housing program administered by the Boston Housing Authority is to provide low-rent housing for low-income families and for elderly people of limited income.

To insure this purpose, the Authority has established specific policies governing eligibility both for admission to and continued occupancy of all its public housing developments.

Housing developments are built and operated either with federal or state financial assistance. The federal program dates back to the initial occupancy of the Mary Ellen McCormack Houses in May of 1938. State legislation, in 1948, initiated the state-aided program.

The Boston Housing Authority has, under management, 19 federally aided and 10 state-aided developments for low-income families.

Also under management, in its program of specialized housing for the elderly, are 26 federally aided and 2 state-aided developments.

The location and number of dwelling units of these housing programs are noted in the following tables.

 ROBERT T. KENNEY, *Director*

 KANE SIMONIAN, *Secretary and Executive Director*

The Boston Redevelopment Authority, established in accordance with General Laws, Chapter 121B, has the sole responsibility for urban renewal activities in the City of Boston.

The Authority was organized in September, 1957, and received its certificate of organization from the Secretary of the Commonwealth on October 4, 1957.

Under the provisions of the Housing Act of 1949, as amended, the Federal Housing and Urban Development Department is authorized to enter into contracts with local redevelopment authorities to finance slum clearance, urban renewal projects and open space, urban beautification and other programs designed to prevent the spread of urban blight through rehabilitation and conservation measures and to improve the quality of the urban environment. The most common form of urban renewal financing is one in which the local government provides one-third of the net cost of undertaking a project and the federal government provides the other two-thirds.

Chapter 121B of the General Laws provides authority for local communities to carry out urban renewal without federal aid.

Under Chapter 652, Acts of 1960 (Mass. Gen. Laws, Chapter 121A), the City Planning Board was abolished and all its staff transferred to the Authority. The functions, duties, and responsibilities for general city planning and development was merged into one agency, the Boston Redevelopment Authority.

A brief description of major renewal projects approved by the Authority as of December 31, 1971, and a summary of planning activities follow.

Bedford-West, Mass. R-182. The 2.3-acre Bedford-West Project, located in the retail core of the Central Business District, received federal approval in March, 1975. The project is part of the \$220-million, Jordan Marsh/Lafayette Place development, which includes a consolidated Jordan Marsh retail facility, a major retail, hotel and office complex, a new city parking garage, and other street and pedestrian improvements.

Brunswick-King, Mass. R-168. Located in the Model Cities area, the 33.5-acre Brunswick-King Project was approved by the federal government in January, 1974. Included in the project are some 140 new housing units, plus improvement and expansion of parks and recreation space within the area.

Campus High School, Mass. R-129. The 129-acre Campus High School Project, located in Roxbury, received federal approval in June, 1972. The project is the site for a 2,500-student, city-wide Secondary Education Complex being built on thirty-five acres of the project area, along with a 2,500-student Occupational Resource Center, a public concourse, parking, and a community service center. An elementary school is also planned. The Lower Roxbury Community Corporation has built 380 units of low- and moderate-income housing.

Central Business District Projects. The original Central Business District Project, encompassing 245 acres, received early land acquisition approval from the federal government in August, 1966, but did not receive final approval and funding. Three smaller projects, however, including land that had been acquired through early land acquisition, have been designated renewal areas:

1. In *School-Franklin* (Mass. R-82A), a nine-acre project, construction was completed in 1970 of the new Woolworth's department store

with adjoining 900-car parking garage, the Boston Company Building, and the Sack Pi-Alley Theater-Coffman parking garage complex. The Boston Five Cents Savings Bank and the renovation of Old City Hall for office and commercial use were completed in 1972. In addition, School Street has been aligned with Milk Street, creating a triangular piece of land that has been converted to a small park. Franklin Street has been relocated, a new entrance to the Washington Street MBTA built, and Filene's has built a major addition at Franklin and Washington Streets, adjacent to the project area. A new Shoppers Park was developed between Filene's and the relocated end of Franklin Street when the department store's new building was completed in 1973.

2. *Boylston-Essex* (UR Mass. R-82B), primarily a street realignment project (six-tenths of an acre), includes a new Essex MBTA station, alignment of Boylston Street to meet Essex, and Liberty Tree Park which has been built on the newly created land at that corner.

3. South Station (Mass. R-82C) will be the site for a new Transportation Center for rail, intercity and commuter bus, rapid transit, and automobile parking facilities. The historic 1899 Headhouse will be integrated into the new development. Also in the project area, Stone and Webster Engineering Company completed their office building in 197, and 175 Federal Street (the Fiduciary Trust Building) is under construction. Major public improvements are scheduled for the project area as well. The 82-acre project received federal approval in June, 1971.

4. Park Plaza. Lack of federal funds for downtown renewal and an awareness that private development was imminent led to the creation in 1971 of the nonfederally funded Park Plaza Project in the Park Square area of the central business district. The 35-acre project will include residential, hotel, commercial, entertainment, office, and parking uses. The Boston City Council approved Park Plaza in December, 1971, and the state approved it in March, 1974. The Park Plaza plan has been modified considerably since its initial introduction, with density reduced from 6 million square feet to approximately 2.8 million square feet, the number of tower elements reduced from five to two, and the maximum tower heights reduced from 550 feet to 350 and 300 feet. The environmental impact report for the project is now being reviewed by the Massachusetts Department of Community Affairs.

Charlestown, UR Mass. R-155. The 520-acre Charlestown project was approved by the federal government in 1965. Its main emphasis has been rehabilitation of existing structures and improvement of public facilities to strengthen the residential character of this historic section of Boston. Nearly 1,600 housing units have been rehabilitated, with another 400 under way or planned. Charles-New-Town, 262 units of low- and moderate-income housing located between Medford Street and the Little Mystic Channel, was completed in 1971, and Mishawum Park, 337 units, has been built between Main Street and New Rutherford Avenue. Ninety-six units of housing for the elderly were built through the federal Turnkey Program, and the Thompson Triangle has been rehabilitated through a federal rehabilitation loan. Thirty-eight single-, two- and three-family homes are completed or under way, with another 4 planned. The Charles-

town branch library and Sullivan Square fire station have been completed, as well as the Kent Elementary School and Stage I of Bunker Hill Community College (in the vicinity of the former State Prison). A shopping center is planned at Thompson Square. The new MBTA Orange Line beneath Interstate 93 went into operation in late 1974, making possible the demolition of the elevated structure on Main Street, which began in August, 1975.

Downtown Waterfront-Faneuil Hall, UR Mass. R-77. Approved in August, 1964, the 104-acre Waterfront Project is intended to provide housing and recreational activities, to preserve historic structures, and to open the city to the sea once again. The New England Aquarium on Central Wharf, opened in 1968, enjoys wide popularity and has been cited for its innovative design. Harbor Towers, with 624 luxury apartments, was opened for occupancy in 1971. Rehabilitation and conversion of more than 500 apartments is under way or complete in structures, including the Custom House Block on Long Wharf, Commercial Wharf South, Lewis Wharf, the Mercantile Wharf Building, the Prince Building, and former commercial structures on Fulton and Commercial Streets. A 325-room motel is planned for Long Wharf, and two elderly housing developments, totaling 260 units, are under construction. The 4.5-acre Waterfront Park, between Long and Commercial Wharves and New Atlantic Avenue, was completed in mid 1976. Extensively landscaped, the park provides an opportunity to enjoy the seaside environment and also has a children's tot lot. A major development in the Waterfront is the Faneuil Hall Markets Restoration Project, which opened some of its space in August, 1976, and is creating a vital and exciting area of retail, entertainment, restaurant, and office activity along North and South Market Streets. The neighboring Blackstone Block and Merchants Row buildings are also undergoing rehabilitation as office and commercial space.

Fenway, UR Mass. R-115. The 507-acre Fenway Project, approved in March, 1967, contains residential, institutional, and recreational uses and has a high concentration of both elderly and student residents. The Christian Science Church has completed its 31-acre Church Center on Huntington Avenue, which includes an administration tower, Sunday School, underground parking garage, and reflecting pool and plaza. The 508-unit Church Park mixed-income housing development on Massachusetts Avenue has been completed, as has the Colonnade Hotel on Huntington Avenue. Housing for the elderly is of major concern in the Fenway, and the Episcopal City Mission "Morville House," which contains 147 apartments for elderly persons was constructed. Additional housing for senior citizens is planned for sites on two corners of the intersection of Massachusetts and Huntington Avenues. Residential rehabilitation has also been stressed, and more than 1,400 apartments have been rehabilitated. A major residential office, and commercial complex for the corner of Massachusetts Avenue and Boylston Street is also being studied. Two tot lots in the Fens Parkland were completed several years ago as well, and a neighborhood park on Edgerly Road was built in 1975. Institutional development by universities, hospitals, and cultural institutions in the Fenway has helped the city financially; the Fenway financing plan

provides for a pooling credit of \$12.7 million from institutional expenditures under Section 112 of the National Housing Act, which allows the application of these credits to the city's share of the financing of other renewal projects.

Government Center, UR Mass. R-35. The plan for the 60-acre Government Center, approved in July, 1964, has received wide acclaim for its high level of design. Now more than 90 percent complete, it represents nearly \$300 million in public and private investment. The award-winning New City Hall, the focal point of the project, was completed in 1963, and the seven-acre City Hall Plaza surrounding it was completed in 1976. The Government Center MBTA station was completed in late 1971, and new stations have also been built at Bowdoin and Haymarket. Pemberton Square, next to the Suffolk County Court House, has also been redesigned as a pedestrian area. Numerous government and private office facilities have been constructed, including the John F. Kennedy Federal Office Building, the Center Plaza Office Building, and the New England Merchants National Bank. The Government Center parking garage and bus terminal between Sudbury and New Chardon Streets, accommodates 1,865 cars. Adjacent on Sudbury Street is the new District One Police Station, and on the site of the Mayhew School the Capitol Bank has built a five-story structure to house office and commercial space. Near Bowdoin Square, a new post-office building, headquarters for RKO-General, the Jewish Family and Children's Service Center, and the Bulfinch Place Office Building are complete, as are two of the three sections of the State Service Center — the Division of Employment Security and the Mental Health Center. The third section, the Health, Education, and Welfare tower, is awaiting state approval of construction funds. The New England Telephone Company has built an addition to its facility, and Cardinal Cushing Park was completed in 1976. In the neighborhood of City Hall, the Sears Block and Crescent have been rehabilitated, the City Bank and Trust Company has built a new building, and One Washington Mall is also complete. Construction began on Sixty State Street, a 37-story office tower at State and Congress Streets in fall, 1974, and development of a 350-room motel on Parcel 7, along New Congress Street, is also planned.

Kittredge Square, UR Mass. R-167. The 27-acre Kittredge Square project in the Model Cities area was approved by the federal government in January, 1974. Some 75 new housing units are proposed for construction in the project, as well as rehabilitation of existing housing in the area.

New York Streets Project, UR Mass. 2-1. Boston's first urban renewal project under Title I of the Housing Act of 1949 was officially completed and closed out in 1964 upon receipt of the final portion of the federal grant. This 23-acre tract of land had been one of Boston's most decayed residential areas for many years prior to 1955 when the land was acquired, the residents relocated, and the buildings demolished. With the construction of a new street system ten new commercial buildings have been erected at a cost of \$10,300,000.

North Harvard Street, UR Mass. R-54. The 6.6 acre North Harvard Street Project in Allston, approved by the federal government in 1966, was completed and occupied in 1971. It is the location of the 212-unit Charles-

view Apartments development for low- and moderate-income families, which includes parking, a day care center, health clinic, and commercial space. It is the end result of the efforts of the Committee for North Harvard, Inc., a group of concerned residents in the Allston-Brighton neighborhood who joined together to form a limited dividend corporation, under Chapter 121A of the General Laws, to develop the area cleared by the Authority in 1969.

St. Botolph Street, UR Mass. R-148. This 1.1 acre single-purpose project was approved by the federal government in May, 1971, as the location for 134 units of housing for the elderly, built by the Boston Housing Authority under the federal Turnkey Program. Construction was completed in 1973.

South Cove, UR Mass. R-92. The 96-acre South Cove Project contains a variety of uses: residential, institutional, commercial, and entertainment. Its renewal plan was approved by the federal government in April, 1966. Tai Tung Village and Mass. Pike Towers, totaling 414 units of housing for low- and moderate-income families have been built and 162 units of mixed-income housing for the elderly have been built adjacent to the new Quincy Community School. Residential rehabilitation has affected some 240 housing units, and a small retail and apartment complex has been constructed in the Bay Village section. In addition, extensive street relocation, sewer and water improvements, street lighting, and tree planting have been accomplished. Extension of the MBTA tunnel for the Forest Hills-Everett line to a point south of the Turnpike Extension has also been completed. South Cove has a new fire station, dedicated in 1971, and a temporary YMCA recreation facility has helped alleviate the area's lack of space. The 57 Carver Street hotel-garage-retail-theater complex was completed in 1971, and several other retail and parking facilities are being discussed. Tufts-New England Medical Center has built its Health Services Building, Dental Health Services Building, and a parking garage, and Don Bosco Technical High School has completed its first stage of expansion. South Cove institutional expenditures have provided the city with \$4 million in Section 112 credits.

South End, UR Mass. R-56. The 606-acre South End Project, approved by the federal government in November, 1965, is the largest residential renewal project in the nation. Both rehabilitation and new construction have taken place, as well as an upgrading of public facilities. More than 2,500 new housing units for low- and moderate-income families and the elderly are complete, and another 200 are planned. In addition, more than 3,300 apartments have been rehabilitated, including several tenant-developed projects, and over 560 are under way or planned. The South End Branch Library is complete, and playgrounds and parks completed include Carter Playground, James Hayes Park, Eight Streets Playground, Peters Park, Derby Park, and Titus Sparrow Park. The Boston Center for the Arts is operating in the Cyclorama building and other neighboring structures vacated by the wholesale flower market, which has moved to new facilities on Harrison Avenue, also in the project area. City Hospital and Boston University Medical Center are rehabilitating and expanding their facilities, and United South End Settlements has built a

new community facility. Several elementary schools are planned, plus an intermediate school library.

Sumner Street Neighborhood Development Program, UR Mass. A-3. The 9.6-acre Sumner Street NDP in East Boston is the site of Heritage Apartments, 300 units of Turnkey public housing: 280 apartments for the elderly, and 20 for families. Located near Maverick Square, the project was formulated with extensive community participation in the planning and design of the housing. The project was approved by the federal government in March, 1972, and completed in late 1975.

Washington Park, UR Mass. R-24. Renewal activities in the 502-acre Washington Park Project are nearing completion. The renewal plan, approved in April, 1963, places major emphasis on housing, both rehabilitation and new construction. More than 4,600 dwelling units have been rehabilitated, and construction of nearly 1,800 new units is complete. Numerous community facilities have been built, including a new YMCA and addition, the Roxbury Chapter of the Boys' Clubs of Boston, a neighborhood shopping center, Washington Park Community Park (with MDC skating rink and swimming pool, outdoor playing fields and recreational areas, and an indoor recreation and community center), five parks and playgrounds, the Trotter Elementary School, Grove Hall branch library, Roxbury Civic Center Court House, Police Station and library, and several churches. Also completed are the Roxbury Ecumenical Center and a Comprehensive Community Health Center. More than \$12 million is being spent to complete the program of providing new streets, sidewalks, sewer and storm drains, street lighting, parks, playgrounds, and water lines.

West End, UR Mass. 2-4. The 47-acre West End Project received federal approval in January, 1958. Charles River Park, Inc., the principal developers of the project, received approval in 1971 of their final plans for the last phase of new construction in the project area, which consists of two 35-story apartment towers with 710 dwelling units, an eleven-story building to provide 150 apartments for the elderly, a 10-story office building, and an underground garage for 1,200 cars. Construction began in 1972 and was completed in 1976. Six luxury apartment towers containing 1,426 units have been built in the West End, plus a shopping center with parking garage on Charles Street, a 300-room motel, parking garages for 1,500 cars, a ten-story office building, the West End branch library, a nursery school, the Shriners Hospital Burns Institute, the Retina Foundation Research Center, the Regina Cleri home for retired Catholic priests, and Temple Beth Amedrish Agudal Beth Jacob.

Whitney Street. In 1966 the Authority approved the application of Back Bay Manor Apartments, Inc., to develop the third and last two-acre parcel in the city-financed Whitney Street Project area. Construction was completed in 1969 on a twenty-story building containing 288 apartments and a three-level, 267-car parking facility.

Limited Dividend Projects — M.G.L., Chapter 121A. With the enactment of Chapter 652 of the Acts of 1960 the Authority was given the power to approve applications for the formation of limited dividend corporations and the development of projects pursuant to General Laws, Chapter 121A,

legislation written initially to insure stable taxes for the Prudential Center development. Since that time nearly seventy such corporations have been approved by the Authority and the Mayor following a public hearing for each application. These corporations have in the past fifteen years undertaken more than \$650 million of new construction and rehabilitation, both within and outside federally funded renewal projects, including, in addition to the Prudential, nearly 10,000 housing units, One Beacon Street, the Christian Science Center, and the South Bay Food Market for meat and poultry dealers.

The BRA as the city's planning agency is responsible for city-wide comprehensive planning, urban renewal and special planning studies, transportation planning, historic preservation, and zoning. Planning activities in most urban renewal projects have been completed, but planning staff provide necessary assistance to other staff and community groups as required. The District Planning Program, initiated in 1968, is designed to improve planning services to all of the city's neighborhoods by developing, with extensive community participation, a comprehensive planning program for each of the planning districts. All sections of the city have received assistance from the District Planning Program. District Planning staff have also worked on approaches to the utilization of federal community development revenue-sharing funds. City-wide studies of housing, open space and recreation, industrial development, institutional expansion, and transportation policy have also been undertaken by Planning staff. The Transportation Planning Section carries out planning studies pertaining to traffic, parking, public transportation, and intercity transportation issues. Staff activities include formulation of state and federally funded TOPICS programs, and work with the MBTA to improve the quality of public transportation in the city. Under a HUD grant the Historic Preservation staff is developing a comprehensive program for the preservation of historic buildings and landmarks in the city, and also serves as staff to the Boston Landmarks Commission, established in 1975 under state law. The primary function of the Zoning staff is to review and make recommendations on petitions for conditional use permits, variances, and exceptions that come before the Board of Appeal, and amendments to the Zoning Code and Zoning Maps that come before the Zoning Commission.

A major adjunct to the Authority's planning capabilities is the Research Department, established several years ago to evaluate the economic impact of urban renewal on the city and formulate programs of action for the future. The early focus centered on information useful for planning, including studies of population and income, the city's expanding economy, and property values before and after renewal in several renewal projects, plus analyses of data from the 1970 Federal Census of Population and Housing. Information management systems have been established for the development and rehabilitation activities of the BRA. Strategies are now being formulated for fiscal planning, housing and community, development, economic and manpower development, and population and income goals for the city.

Established by home rule petition, Chapter 772 of the Acts of 1975, the Boston Landmarks Commission is a statutory commission that provides a continuing, comprehensive, preservation program for Boston; coordinates preservation related activities currently undertaken by private organizations and other city departments; and develops additional functions necessary for a serious local preservation program.

The Commission consists of nine members and nine alternates appointed by the Mayor and confirmed by the City Council. Seven of the members and seven of the alternates must be appointed from nominations by six organizations: two members and two alternates must be nominated by the Boston Society of Architects, and one member and one alternate from each of the Boston Society of Landscape Architects, the American Institute of Planners, the Society for the Preservation of New England Antiquities, the Greater Boston Real Estate Board, and the Greater Boston Chamber of Commerce. The Mayor appoints two members and two alternates on an at-large basis. All members and alternates must be residents of Boston. They are not compensated, except for expenses incurred in performance of their duties.

The Commission is placed administratively under the Boston Redevelopment Authority, which agency provides staff to the Commission.

The Commission has the power to designate, for architectural regulation, those areas, sites, and structures that are of historical, social, cultural architectural, or aesthetic value located in the City of Boston. Four categories of designation may be given; Landmark, Landmark District, Architectural Conservation District, and Protection Area.

The Commission is empowered to review and approve or disapprove proposed changes to the physical environment of designated sites and districts. Depending on the type of designation, changes to be reviewed by the Commission could include: new construction, restoration, demolition, alteration of exterior architectural features, and, in the case of certain landmarks, changes to distinguished interior features. No building permit or sign permit shall be issued for changes to designated properties unless the application for permit is accompanied by either a Certificate of Design Approval or a Certificate of Exemption from the Commission.

The Mayor may veto any designation voted by the Commission within fifteen days of the vote; the City Council may override a Mayoral approval of a designation by two-thirds majority within thirty days of such approval.

The Commission also assumes the responsibilities of a historical commission for the City, pursuant to Chapter 40C of the Massachusetts General Laws. It provides advice and technical assistance to other agencies and departments of the City; surveys and collects data concerning properties of architectural or historical interest; prepares reports of its findings; and sponsors educational activities. In addition, the Commission may, with appropriate funds and with the approval of the Mayor and City Council, buy, receive, manage, and dispose of properties of architectural and historical value.

EXECUTIVE SECRETARY

MACE WENNIGER — Boston Redevelopment Authority

The Back Bay Architectural District was established by special acts of the Legislature for these purposes:

(a) to promote the economic, cultural, educational, and general welfare of the public through the encouragement of high design standards for that portion of the Back Bay area in the city of Boston described below:

(b) to safeguard the heritage of the City of Boston by preventing the despoliation of a district in that city which reflects important elements of its cultural, social, economic, and political history;

(c) to stabilize and strengthen residential property values in such areas;

(d) to foster civic beauty; and

(e) to strengthen the economy of the Commonwealth and the City of Boston.

The District includes generally both sides of Beacon Street, Marlborough Street and Commonwealth Avenue, from the Public Garden at Arlington Street beyond Massachusetts Avenue to Charlesgate East, and Newbury Street and Boylston Street from Dartmouth Street to Massachusetts Avenue. The boundaries are defined in the Act as follows:

starting at the intersection of the center line of Newbury Street and the center line of Charlesgate East; thence running northerly by the center line of Charlesgate East to the center line of Back Street; thence running easterly by the center line of Back Street to the center line of Embankment Road; thence running southerly by the center line of Embankment Road to the center line of Beacon Street; thence running easterly along the center line of Beacon Street to the center line of Arlington Street; thence running southerly along the center line of Arlington Street to the center line of the public alley between Newbury Street and Commonwealth Avenue; thence running westerly along the center line of the public alley between Newbury Street and Commonwealth Avenue to the center line of Dartmouth Street; thence running southerly along the

center line of Dartmouth Street to the center line of Boylston Street; thence running westerly along the center line of Boylston Street to the center line of Massachusetts Avenue; thence running northerly along the center line of Massachusetts Avenue to the center line of Newbury Street; thence running westerly along the center line of Newbury Street to the point of beginning.

In general, no building permit can be issued by the Building Commissioner in the District for construction, reconstruction, alteration or demolition unless:

(1) the Secretary certifies on the building permit application that no exterior architectural feature is involved, or

(2) the application for a building permit is accompanied by a certificate of design approval issued by the Secretary.

No permit can be issued by the Public Improvement Commission to erect a sign, marquee, awning, or other architectural feature protruding from any structure unless the application for such permit is accompanied by a certificate of design approval issued by the Secretary. This Act shall not affect a building permit issued prior to December 6, 1966, in the case of a property facing on Beacon Street, Marlborough Street, or Commonwealth Avenue, or issued prior to August 3, 1974, in the case of a property facing on Newbury Street or Boylston Street.

This Act shall not prevent construction or alteration of an architectural feature if such work is certified as necessary by the Building Commissioner to remedy an unsafe or dangerous condition.

The commission shall pass only upon the exterior architectural features of a structure and shall not consider interior arrangements nor the use to be made of the structure.

It is the intent of this act that the commission be strict in its judgment of plans involving substantial new construction or for structures deemed to be valuable according to studies performed on behalf of the city, the board or the commission for said area to determine which structures are of architectural value. It is also the intent of this act that the commission shall be lenient in its judgment of plans for structures of little architectural value except where such plans would seriously impair the architectural value of surrounding structures or the surrounding area. It is also the intent of this act that the commission deal more leniently with proposals respecting structures zoned for business to the end that conversions to business uses will not be prevented.

Owing to conditions especially affecting the structure involved, but not affecting the District generally, the commission may issue a certificate of design approval to avoid substantial hardship to an applicant, where this can be done without substantial detriment or derogation to the purposes of the Act.

Exterior color may be changed, without applying for a certificate of design approval, to any color or combination of colors which the Commission has determined may be used.

"Exterior architectural feature" is the architectural style and general arrangement of such portion of the exterior of a structure as is designed to be open to view from a public street or way, but not such portions as

are designed to be open to view only from a public alley, including, but not limited to, kind, color, and texture of the building material of such portion, type and design of all windows, doors, lights, signs, and other fixtures appurtenant to such portion, the location and adequacy of vehicular access, if any, and the location and treatment of any parking space for motor vehicles open to view from such public street or way.

The applicant must submit plans to aid the commission in considering:

(a) the architectural value and significance of the structure and its relationship to the surrounding area.

(b) the relationship of the exterior architectural features of such proposed structure to the rest of the structure and to the surrounding area.

(c) the general compatibility of exterior design, arrangement, texture, and materials to be used.

(d) any landscape features proposed by the applicant.

(e) any aesthetic or other factor which it deems to be pertinent.

The Commission has nine commissioners and five alternates, appointed by the Mayor as follows: two commissioners and one alternate from nominations by each of the following organizations: the Neighborhood Association of the Back Bay, the Back Bay Association, the Boston Society of Architects; one commissioner and one alternate from nominations by the Greater Boston Real Estate Board; two commissioners and one alternate selected at large by the Mayor. Commissioners serve without compensation.

This organization was incorporated under the laws of Massachusetts on October 25, 1915.

The incorporators were twenty-one in number and included, besides the Mayor, the Corporation Counsel, the City Auditor, City Treasurer, Park Commissioner, the Principal Assessor and fifteen other city employees occupying responsible positions.

Since its incorporation the Credit Union has been functioning for the benefit of the city employee by the promotion of thrift among its members and the loaning of money to members in need of financial assistance. These loans are made at a low rate of interest, saving the borrower from the exorbitant rates charged by loan agencies. Approximately 95 percent of the borrowers have their weekly loan payment deducted from their salary by means of the payroll deduction plan.

The Credit Union at the present time has assets of \$24,305,147.91 and reserves of \$1,295,821.10 with 15,408 members, 9,626 of which are borrowers.

Most departments of the City or County government are represented on the board of directors which consists of twenty-one members. Seven of these directors are elected each year for a three-year term.

SUFFOLK COUNTY COURT HOUSE COMMISSION

[Stat. 1939, Chap. 383.]

ALBERT SHERMAN, *Chairman*, Appointed by the Governor

JOHN E. POWERS, Appointed by the Chief Justice of the Supreme Judicial Court

THOMAS S. EISENSTADT, Sheriff of Suffolk County

The Commission chooses its own Chairman and its own Secretary. Its members receive no compensation for their services.

The Commission was established by Special Act of the Legislature, for the care, custody and control of the Suffolk County Court House, and is required to appoint a Custodian and such other officers as it may deem necessary for the proper operation of the building and to determine their term or terms of service.

The Commission succeeded to the authority given to the Sheriff of Suffolk County over the Suffolk County Court House, in Chapter 525 of the Acts of 1922, and took over the management and control of the Court House upon its completion during 1939, by the Special Commission created under Chapter 474 of the Acts of 1935 for providing additional accommodations and facilities for the Suffolk County Court House.

A thirty percent contribution by the Commonwealth to the annual costs and charges of maintenance and operation of the Court House began in the calendar year 1939 when the additional Court House enlargements and improvements, made under authority of Chapter 474 of the Acts of 1935, were "substantially completed" and in "actual use," and the remaining 70 percent is paid by the City of Boston. While the Commonwealth now pays 30 percent of the operating costs of the Court House, it has taken no part in its operations, other than the exercise of its authority in the makeup of the Commission in charge, and other than expanding its tenancy of state-supported departments on a 24-hour-a-day basis, like the State Board of Probation, Land Court, State Supreme Judicial Court, and Recorder of Decisions.
